In case one or more lists get a negative number of mandates, the mandates to be distributed according to the procedure of this article is decreased correspondingly to preserve the correct number of mandates in the House of Representatives of the Parliamentary Assembly of BiH elected from the territory of the respective Entity.

Article 9.7

- (2) Mandates won by a list shall be distributed first amongst candidates on the list who individually received at least twenty percent (20%) of the total number of valid votes received by that list, and these mandates shall be awarded in the order of the highest number of votes to the lowest number of votes.
